

Tilt & Turn Windows

Versatility. Practicality.

Our tilt and turn windows are designed to make life easier.

Tilt slightly for secure and gradual ventilation or turn fully for rapid ventilation, effortless indoor cleaning, and an unrestricted emergency escape.

Tilt and turn windows are suitable for a variety of demanding applications such as multi-storey buildings, but are also perfect for more conventional dwellings too.

Tilt & Turn Windows

01 Glass

Glazed using innovative thermally efficient glass, our windows will reduce your carbon emissions and your monthly outgoings.

02 Reinforcing

Steel reinforcing gives added strength and durability to products that may be exposed to wild and erratic weather.

03 Screws

Quality tested screws are proven to resist and delay weathering and stand the test of time.

04 Security

Adjustable gearing allows both the tilt and turn actions and also locks the sash in the tilt position for security and safety.

05 Handle Options

Locking and non-locking handles are available in a number of colours and finishes.

Colour options:
